We raised \$43,700 in 2022, which was \$67,096.81 less than the \$110,796.81 raised in 2021.

We received \$34,450 (79%) in individual donations, and \$9,250 (21%) from corporate donors - with Capital group and its employees of Nigerian descent being our biggest supporters in 2022. They donated 10% of total funds raised. Our End of year campaign was our most successful, generating \$34,925 (80%) of total amount raised in 2022, while all the other campaigns made up the other 20%.

Our goal in 2023 is to surpass the amount raised in 2022. We hope to achieve this goal through well curated programs and well-planned fundraisers. We will broaden our reach to corporate donors and expand our pool of individual donors to strengthen our fundraising efforts. This strategy in combination with our 2023 programs and events will position us for a successful year.

On behalf of the board members, thank you for your support. Thank you for the donations and gifts entrusted to us to empower the needy and most vulnerable in our communities. Therefore, it is with extreme gratitude that we submit this unaudited 2022 Annual Report. In it, you will find details of our 2022 financial activities, programs, and events.

Thanks for the opportunity to serve and for your steadfast dedication and support of our community.

Wishing you all the best of 2023

Dr. Adeniran Koko

YEAR IN REVIEW

(FOOD SECURITY AND ECONOMIC EMPOWERMENT PROGRAM)

On October 1st, NAPAC Foundation launched the Food Security and Economic Empowerment program in the Internally Displaced Persons (IDPs) community in Bakassi, Cross River State. Two governing board members of the Foundation - Prof. Rose-Margaret Ekeng-Itua and Ambassador (Amb.) Chief Zainab Mohammed - worked tirelessly with government officials in the region to ensure smooth execution of the program. Five hundred (500) IDPs were fed, provided with care-packs and other necessities.

BAKASSI IDP FOOD DISTRIBUTION

Amb. Zainab Mohammed coordinated and took part in the distribution of food and care-packs to IDPs community in Bakassi, Cross River State.

In November, residents in several states across Nigeria became victims of a destructive flood. Homelessness, loss of livelihood, and loss of lives ravaged most areas. The Foundation partnered with ENIBO ALBERT Charity Foundation to provide relief aid especially in communities heavily impacted such as Okutukutu and Swali in the Yenagoa local government area in Bayelsa State. The N754,000 disbursed to ENIBO by NAPAC Foundation was used to purchase items such as mosquito nets, insecticides, antiseptics, bathing soaps, detergents, and school supplies. These items were distributed to 300 people (adults and children).
